Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison 6, Wisconsin

Dear Dr. Lederberg:

The reprints you requested were mailed a few days before I received your recent letter. These should be in your hands by now, but if they are not received, let me know and I will send duplicates. I delayed sending these until reprints of no. VIII arrived and these were held up a long time due to a change in printers.

I should appreciate reprints of any papers on microbial genetics which are available or forthcoming.

Sincerely,

A handwritten signature in cursive script, appearing to read 'H. E. Wheeler'.

H.E. Wheeler
Asst. Prof. Botany

A large handwritten checkmark.
